

J Type Wedge Slotted Fuse

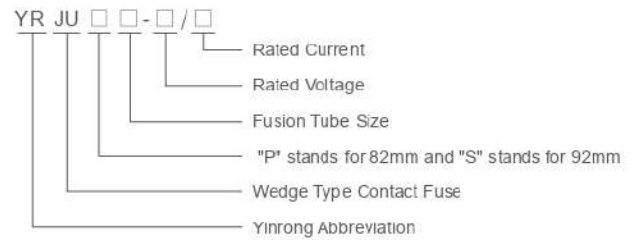

Description

This series of J Type Wedge Slotted Fuse are suitable for AC 50Hz, rated voltage 415V, rated current up to 400A. It is mainly used in electrical equipment as overload and short circuit protection.

Part Numbering System

Specifications

Rated Voltage: AC415V

Rated Current: 32A-400A

Operating Class: gU

Breaking Capacity: 80kA

Standards/Approvals: IEC60269-2 GB/T13539.2

No.	P/N	Rated Voltage (V)	Rated Current (A)	Overall Dimensions	
				ΦC	Fig.1
